1 – 3 MARCH 2022

SupercomputingAsia 2022 (SCA22)

Hybrid Conference

@ Suntec Singapore Exhibition &
Convention Centre + Virtual Conference

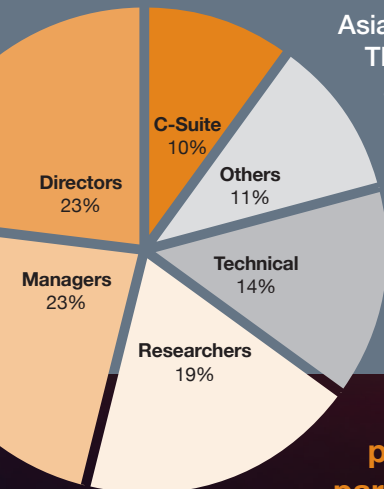

SCA22 will be coming to you as a hybrid conference from 1 – 3 March 2022.

The annual SupercomputingAsia (SCA) conference, organised by HPC centres from Australia, Japan and Singapore, is an international conference that encompasses an umbrella of notable supercomputing and allied events relevant to the region, and beyond with the goal to promote a vibrant and shared high performance computing (HPC) ecosystem in Asia. Come join SCA22 when we return as both an in-person conference and a virtual conference from 1 to 3 March 2022 at Suntec Singapore Convention & Exhibition Centre and Online.

Why Sponsor?

Asia is one of the fastest growing regions for HPC. The SCA conference has quickly grown to become a key meeting and networking platform for the HPC and supercomputing value chain for Asia and internationally. Partners share new insights, discuss trends and present the latest advances the development of HPC. The conference attracts international delegates including mid- and C-level executives, principal researchers and HPC professionals from academia, industry and the public sector.

* Participant profile from past conferences

SCA21, our very first fully virtual conference, played host to more than 1,000 speakers, participants, exhibitors and partners from more than 40 countries.

If you are interested to explore sponsorship opportunities, come and talk to us at sponsorships@sc-asia.org

Sponsorship Package
