27 February – 2 March 2023
**Singapore**

Sponsorship Brochure

Co-organised by HPC centres from Singapore, Japan, Australia and Thailand, SupercomputingAsia (SCA) 2023 is an annual conference that encompasses an umbrella of notable supercomputing and allied events in the region and beyond with the goal to promote a vibrant and shared high performance computing (HPC) ecosystem in Asia. The 6th edition of SCA will be held from 27 February to 2 March 2023 in Singapore.

The International Conference on High Performance Computing in Asia-Pacific Region (HPC Asia) is an international conference series in the Asia Pacific region on HPC technologies, fostering exchange of ideas, research results and case studies related to all issues of high performance computing. For the first time ever, the 6th edition of HPC Asia 2023 will be co-located with SCA23 in Singapore.

- Directors 23%
- Technical 14%
- Managers 23%
- Researchers 19%

SPONSORSHIP OPPORTUNITIES

SCA has quickly grown to become a key meeting and networking platform for the HPC and supercomputing value chain for Asia and internationally. Partners share new insights, discuss trends and present the latest advances in the development of HPC. The conference attracts international delegates including mid- and C-level executives, principal researchers and HPC professionals from academia, industry and the public sector.

SCA22 was held as a hybrid physical-virtual conference for the first time and was attended by more than 1000 speakers, participants, exhibitors and partners from more than 40 countries.

If you are interested to explore sponsorship opportunities, come and talk to us at sponsorship@sc-asia.org
