Gathering the Best of HPC in Asia

www.sc-asia.org

SPONSORSHIP BROCHURE

11 to 14 March 2019
Suntec Singapore Convention & Exhibition Centre
SINGAPORE
SCA18 HIGHLIGHTS

Attended by over 800 delegates from more than 24 countries

Opening Keynote Speaker,
Dr Goh Eng Lim, VP & CTO, HPC and AI, Hewlett Packard Enterprise

Keynote Speaker,
Dr Satoshi Sekiguchi, VP, Director General, Department of Information Technology and Human Factors, National Institute of Advanced Industrial Science and Technology (AIST), Japan

SCA18 SUCCESSES

- Co-location of the Asia Pacific Advanced Network Meeting (APAN45), the largest and longest-standing community of advanced network experts that pioneers and strategises research network connectivity and platforms for research and innovative projects in Asia Pacific. The Asia Pacific Research Platform (APRP) co-located event was also held in conjunction with APAN, where HPC and networking experts knocked heads together to lay the groundwork for building the planned Asia Pacific Research Platform which is another innovation to bridge researchers and HPC/networking facilities over a large geographical region.

- Supercomputing Frontiers Asia (SCFA), the technical sessions for SCA18 that received over 40 quality papers, out of which 16 were presented in the areas of Big Data, Graphics Processing Unit (GPU) and Field Programmable Gate Arrays (FPGA), Performance Tools and Linear Algebra.

- Industry sessions proved popular with over 300 attendees attending the planned talks over the 3-day conference programme, including pre-conference tutorial sessions.

- The inaugural Conference on Next Generation Arithmetic (CoNGA) event discussed a new innovation invented by supercomputing veteran Professor John Gustafson, and whose latest unum incarnation called “posits” has the potential of changing the entire computing landscape.
Organised by NSCC Singapore, SupercomputingAsia (SCA) is an annual international conference that encompasses an umbrella of notable supercomputing events with the key objective of promoting a vibrant and relevant HPC ecosystem in Singapore. The second edition of SCA will be held from **11 to 14 March 2019 at Suntec Singapore Convention & Exhibition Centre.**

SCA is attended by mid and C-level executives, principal researchers and HPC professionals from academia, industry and government organisations. SCA18 has proven to be a platform for delegates and exhibitors to gain access to visionary insights from thought leaders, optimum networking opportunities and the HPC community in Singapore, Asia and beyond.

**WHAT’S IN SCA19?**

**THE HPC EVENT IN SINGAPORE**

Unifying the Future Pillars in HPC

**KEYNOTE SPEAKER**

**Dr Christine Ouyang**  
Distinguished Engineer  
IBM Quantum Computing  
Master Inventor and IBM Academy of Technology

**Prof Lu Yutong**  
Director, National Supercomputer Centre in Guangzhou  
Sun Yat-sen University  
China

**CO-LOCATED EVENTS**

- ASEAN HPC Workshop  
- Conference on Next Generation Arithmetic (CoNGA)  
- Supercomputing Frontiers Asia (SCFA)  
- Singapore-Japan Joint Session  
- Towards an Asia Pacific Research Platform (APRP)

**PROGRAMME HIGHLIGHTS**

- Green Data Centre Strategies and Management  
- HPC Techniques in Processing Geospatial Data  
- Industry Talks by Leading Vendors  
- Precision Medicine  
- Quantum Computing  
- Technical Papers & Posters Presentation
